2014 Family Medicine Medical Student Honor’s Reception
Patient Centered Medical Home Update

All offices in the Family Medicine network at the Ohio State University Wexner Medical Center are National Committee on Quality Assurance level 3 recognized Patient Centered Medical Homes. As a result of the Department’s PCMH initiatives, the blood pressure control rate across the network is above 71%, significantly above the national average of 50%-64% (depending on source), and already at the level of the national goal of Healthy People 2020 of 70%.

OSU Primary Care Sports Medicine Update

Academically it has been a very busy beginning of the calendar year for OSU Primary Care Sports Medicine. Drs. Kendra McCamey and James Borchers and the two Fellows, Drs. David Krey and Christopher Miller had poster presentations at the AMSSM annual meeting in March.

Dr. Thomas Best and Timothy Hewett, PhD made several international presentations at the IOC World Congress in Monaco this April. Dr. Best also spoke at the 1st Annual National Conference on Physical Activity and Health in Doha, Qatar. Dr. Hewett began the year in Capetown, South Africa presenting at the ACL Study Group Meeting.

During the 2014 Winter Olympics Drs. Borchers and Hewett were interviewed on various topics.

### BRAVOS
