The Ohio State Wexner Medical Center

Health care at The Ohio State University is future-focused and driven by our mission to improve people’s lives through innovation in research, education and patient care. Our staff of 16,000 is earning international distinction by delivering health care that is predicative, preventive, personalized and participatory. We call it P4 Medicine

The Ohio State University Pulmonary, Allergy, Critical Care and Sleep Medicine Division is a collaborative center for patient care, teaching and research at one of the most comprehensive health sciences campuses in the nation. In 2012 the Division was ranked #30 by U.S. News and World Report. Our division offers state-of-the-art facilities and an outstanding balance of patient care, educational activities and clinical as well as basic science research.
Pulmonary Rehabilitation Conference 2016

Featuring experts from The Ohio State’s Wexner Medical Center, we will cover state of the art research being done at the Wexner Medical Center, as well as case discussions focused on Pulmonary Rehabilitation geared towards Nurses, Respiratory Therapists, Physical Therapists and Pulmonary Professionals. This course is in its second year, presented by The Ohio State’s Wexner Medical Center’s Division of Pulmonary, Allergy, Critical Care, Sleep Medicine and the Center for Critical Care.
