Glaucoma:

Tried and True and New

EDUCATIONAL NEEDS

Practicing comprehensive ophthalmologists routinely evaluate patients with glaucoma. It is estimated that in the United States, two and a half million individuals have been diagnosed with glaucoma and one million are unaware that they have this potentially blinding disease. Early diagnosis and treatment can improve prognosis. Over the past several years, there have been significant diagnostic and therapeutic advances in the field of glaucoma.

This course is devoted to provide the latest update in the diagnosis, evaluation and management of glaucoma. There will be ample opportunity for all participants to have their questions answered throughout the course.

EDUCATIONAL OBJECTIVES

At the conclusion of the conference, the participants will be able:

1. To develop a systematic approach to diagnosing glaucoma
2. To evaluate the role of intraocular pressure, visual fields and optic nerve head imaging in the diagnosis and treatment of glaucoma
3. To identify several challenging glaucomas and discuss their management
4. To interpret the outcomes of the glaucoma clinical trials
5. To formulate an approach to patients with glaucoma and cataracts
6. To evaluate new medications and surgical interventions as future therapeutic options in the treatment of glaucoma

Accreditation

The Ohio State University Medical Center, Center for Continuing Medical Education is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to sponsor continuing medical education for physicians. The Ohio State University Medical Center designates this educational activity for a maximum of 10.75 AMA PRA Category 1 Credits™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Accommodations

Symposium participants who require overnight rooms are advised that a block of rooms has been specifically reserved at the Hilton Columbus at Easton in Columbus, Ohio for arrival on February 26th and departure February 29th (rates of \$159.00 for single or double occupancy.) Reservation requests received after the cut-off date will be accepted on a space and rate availability basis. If the group rate is not available after the cut-off date, the prevailing rack rates will apply for any reservations confirmed. Participants may call the hotel for reservations at (614) 414-5000 and mention the group code, OPH.

We encourage participants to arrange for accommodations early due to other activities occurring that weekend in Columbus. In the past, there has been some difficulty obtaining the desired space.
