MEETING FACULTY

Lloyd Aiello, MD
Harvard Medical School, Joslin Diabetes Center

Diana Do, MD
The Wilmer Eye Institute at Johns Hopkins

Sander Dubovy, MD
Bascom Palmer Eye Institute, University of Miami

Steven Feldon, MD, MBA
Chairman - University of Rochester, Flaum Eye Institute

Seema Garg, MD, PhD
University of North Carolina, Kittner Eye Center

Quan Nguyen, MD
The Wilmer Eye Institute at Johns Hopkins

Silvia Orengo-Nania, MD
Baylor College of Medicine, Cullen Eye Institute

Dara Schuster, MD
The Ohio State University, Department of Endocrinology

Jennifer Sun, MD
Harvard Medical School, Joslin Diabetes Center

COURSE DIRECTORS

Alan Letson, MD
The Ohio State University, Havener Eye Institute

Michael Wells, MD
The Ohio State University, Havener Eye Institute

ACCREDITATION STATEMENT:
The Ohio State University Medical Center, Center for Continuing Medical Education is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

AMA CREDIT DESIGNATION STATEMENT:
The Ohio State University Medical Center, Center for Continuing Medical Education designates this activity for a maximum of 11.75 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

ACCOMMODATIONS:
A block of rooms has been reserved at the Hilton Columbus at Easton in Columbus, Ohio for arrival on March 1st and departure on March 3rd (rate of $159.00 for single or double occupancy per evening). Reservation requests received after the cut-off date will be accepted on a space- and rate-availability basis. If the group rate is not available after the cut-off date, the prevailing rack rates will apply. Participants may call the hotel for reservations at (614) 414-5000 and mention the group code, MSO. We encourage participants to arrange for accommodations early due to other activities occurring that weekend in Columbus.

REGISTRATION:

Online Registration:
Go to http://ccme.osu.edu and log in. Click on CME Activities, then click on conferences, and select this meeting.

Mail/Fax/Email Registration:
Complete the attached registration form and return to:

EDUCATIONAL NEED

The treatment of diabetes and its complications continues to be an evolving process. There is ongoing need in the medical and ophthalmic community to keep abreast of the newest treatments, drugs and strategies in order to provide the best patient outcomes. Clinical trials covering many facets of diabetic eye disease, along with new therapies being developed and evaluated, have significantly changed the landscape of diabetes and more specifically diabetic ophthalmic complications management.

This course is designed for the comprehensive ophthalmologist and other interested physicians involved in the care of patients with diabetes and ocular complications, still the leading cause of blindness in the developed world.

EDUCATIONAL OBJECTIVES

At the conclusion of this activity, learners will be able to:

1. To identify the pathology of diabetic eye complications at gross and molecular levels
2. To recognize the newest drugs and therapeutic goals in the medical management of diabetes mellitus including evidenced-based therapies from major clinical trials
3. To evaluate current perspectives on the pre-operative management of a diabetic patient
4. To identify strategies of managing neovascular glaucoma in diabetic patients with and without other ocular complications
5. To explain the role of various VEGF inhibitors in the management of proliferative diabetic retinopathy, diabetic macular edema and neovascular glaucoma
6. To assess, differentiate and manage post-cataract surgery macular edema in patients with retinopathy
7. To distinguish cranial nerve abnormalities involving ocular motility and the optic nerve in patients with diabetes
8. To report the results of current clinical trials pertaining to the management of diabetic retinopathy
9. To incorporate existing therapies, such as photocoagulation, with newer treatment modalities to achieve optimal visual outcomes in patients with retinopathy
10. To apply the role of OCT imaging in the management of CSM
11. To identify public health issues pertaining to diabetic eye disease such as the role of telemedicine in diabetes screening and management
12. To predict the future direction of therapy for retinopathy

AGENDA

Friday, March 2, 2012

7:30AM Registration, Continental Breakfast, Exhibits
7:55AM Welcoming Remarks - Alan Letson, MD
8:00AM The Torrence A. Makley Memorial Lecture “Pathology of Diabetics” Sonder Dubovy, MD
8:30AM “Standards of Care for the Patient with Diabetes; Recognizing Problems of Diabetes Control” Dana Schuster, MD
9:00AM “Intravitreal Injection Techniques and Risk of Endophthalmitis” Diana Do, MD
9:30AM “Is There a Role for Micropereimetry in DME?” Quan Nguyen, MD
10:00AM Questions/Panel Discussion
10:10AM Break, View Exhibits
10:30AM The Arthur Culler Memorial Lecture “Protective Factors Against Diabetic Retinopathy: Cues from Survivors of an “Age of Years of Diabetes” Jennifer Sun, MD
11:00AM “Pre-Operative Safety Issues in the Patients with Diabetes” - Dana Schuster, MD
11:30AM The John E. Brown Memorial Lecture “Managing Patients with Retinopathy Pre- and Post-Cataract Surgery” - Seema Garg, MD, PhD
12:00PM Questions/Panel Discussion
12:10PM Lunch
1:00PM The Paul A. Weber Lecture “Medical & Surgical Management of NVG in the Diabetic Patient” Silvia Orengo-Naono, MD
1:30PM “Unique Diabetic Pathology Case Studies” - Sonder Dubovy, MD
2:00PM The William H. Havener Memorial Lecture “VEGF Inhibitors in DME” - Quan Nguyen, MD
2:30PM Questions/Panel Discussion
2:40PM Break, View Exhibits
3:00PM “Use of VEGF Inhibitors in Neovascular Glaucoma” - Silvia Orengo-Naono, MD
3:30PM “Potential Novel Approaches in Diagnosing & Managing Diabetic Retinopathy & DME: Advances in Imaging & Pharmacology” Quan Nguyen, MD
4:00PM “Retinal Imaging for Diabetic Retinopathy and Macular Edema” - Jennifer Sun, MD
4:30PM The Albert D. Frost Memorial Lecture “Strategies for Management and Treatment of DME” - Diana Do, MD
5:00PM Questions/Discussion
5:15PM Adjourn
5:30PM Reception at Hilton Columbus at Easton

Saturday, March 3, 2012

7:30AM Registration, Continental Breakfast, Exhibits
8:00AM “Management of Proliferative Diabetic Retinopathy in the Age of Laser, Steroids and anti-VEGF” - Lloyd Aiello, MD
8:30AM “Ischemic Optic Neuropathy & Diabetes” - Steven Feldon, MD, MBA
9:00AM “Telemedicine for Diabetic Retinopathy Patients” - Seema Garg, MD, PhD
9:30AM “Is There a Role for Laser in DME?” - Diana Do, MD
10:00AM Questions/Discussion
10:10AM Break
10:30AM “DRCR: Past, Present, and Future Trials” Jennifer Sun, MD
11:00AM “Cranial Neuropathies in the Diabetic Patient” - Steven Feldon, MD, MBA
11:30AM Keynote Lecture “Treatment of Diabetic Macular Edema: a rapidly evolving paradigm” - Lloyd Aiello, MD
12:00PM Closing Remarks

DIABETES
MANAGING DIABETIC EYE DISEASE

REGISTRATION FEES PER PERSON (Check One)

- Physician / Optometrist $350.00
- OSU Faculty $250.00
- Non-OSU Trainees and Nurses $200.00

METHOD OF PAYMENT (Check One):

- Check (Make payable to OSU-Ophthalmology)
- MasterCard
- Discover
- VISA
- American Express
