FEELING DEPRESSED?
It May Be Time to Consider Your Options

A Clinical Research Study for an investigational medication is currently enrolling people who

- Are currently taking an antidepressant but still need additional relief
  OR
- Are not taking any antidepressant medications but think they may have depression

What is Involved?
- Receive study medication and study-related medical care at no cost
- Receive study-related care by doctors who are currently studying depression
- Take an active role in your own healthcare

COMPENSATION FOR TIME AND TRAVEL MAY ALSO BE PROVIDED

If you are experiencing these symptoms, then this study may be right for you.

Minimum Qualifications
- An adult between 18 and 65 years old
- Currently experiencing symptoms of depression
- Willing to take the study medication along with a prescribed antidepressant medication

The study doctor can tell you if you meet all of the study eligibility requirements.
